Our Financial Statement

The Editorial Committee begs leave to present the following report in fulfillment of the promise which was made in the prospectus contained in the first number of THE LEAFLET, that an itemized statement of the finances of the Scholarship Fund and of THE LEAFLET would be published twice a year "in order to show just what we are doing":

I THE SCHOLARSHIP FUND

The subscriptions to the Fund from one portion of the Scholarship and Leaflet Patrons are due sometime between November 1 and January 1 of the school year; from the other portion the subscriptions are due sometime between January 1 and June 1. The committee has adopted the most liberal policy regarding this matter, since, being teachers themselves, it is not difficult for them to realize that it is more convenient to arrange these matters at some times than others. Accordingly, when the statements were sent out in November last, they were accompanied by the following note: "We are sending out these statements as a matter of business form, and not because it demands your immediate attention. If you desire to wait until you get your next check, please feel free to do so." The following acknowledgments are all prior to January 1, 1901:

The Editorial Committee desires to call attention to the fact that the task which they assigned themselves was the raising of \$6000, and the time which they gave themselves to do it in was five years. An examination of the above statement will disclose that about one-half of the work has been completed during the first half of the first year.
